

MIKE MURPHY

AI HANDYMAN • MEDIA KIT

hello@mikemurphy.ai

mikemurphy.ai

BIO

Mike Murphy is the AI Handyman — a creator and podcaster making short, practical AI tutorials for the people the AI industry forgets. He's been teaching on YouTube since 2015, with 1,850+ tutorials, 45,000+ subscribers, a weekly newsletter, and the Mike Murphy Unplugged podcast.

His approach is simple: calm, honest, hands-on — no hype, no jargon. He wrestles with the confusing part first, then shows you the shortcut: what a tool actually does, where people get stuck, and how to move forward.
